The River Mile Expansion Workshop

July 16-20, 2012

Final Assignment: The River Mile School Site Plan

What to include:

- Site Name
- Latitude and Longitude
- Managing Agency
- Who will be participating (e.g., teachers, grades, number of students)
- The project focus or what you want to do
- Number of site visits and when
- A little about the project
- Materials you'll need for the project (including things you have and things you need to get)
- What else do you need to learn or do
- Anything else you think we should know about your project.
- **Due August 25, 2012**

You will also need to do:

1. Make the ArcGIS Explorer On-Line Map for your site
 - a) Symbols for things you can identify at your site (e.g., restrooms, parking, picnic area, river/stream/lake name(s))
 - b) Data points (pins with pop up boxes and links to your website)
2. Create a webpage for your school's TRM project
 - a) Include: photographs, data and your map
3. **Due October 1, 2012**
